About me

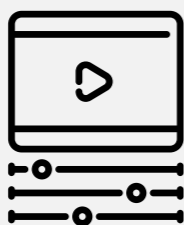

Creativity is the intelligence having fun !

Hello ! I'm **Kamil Yavas**, a 29 year old Belgian graphic designer living in Brussels.

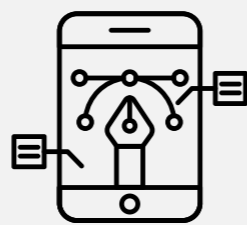

With a degree in Graphic Design & Visual Communication and 2 years of freelance experience in photography and specialising in 3D motion design. My work is more focused on digital and media content creation.

I strongly believe that the design aid of the world can be changed in a better way, not only by its functionality but also by the strength of its concept and aesthetic potential.
